ANNUAL GENDER SENSITIZATION ACTION PLAN

Gender sensitization is a step towards creating an inclusive and equitable society. It usually promotes an understanding, respect, and empathy for people of all genders. In order to nurture the quality of equality in the minds of young generation various clubs especially the Women's forum of our institution plays a significant role. This year we are planning to conduct programmes related to the following aspects.

- To conduct seminars focusing on gender issues existing in the society
- To give specialized training, ensuring a holistic approach to gender sensitization with the help of experts
- Give self -defense training to girl students
- To organize awareness campaigns highlight the importance of gender equality.
- To develop an inclusive attitude among students regardless of gender identity
