UNDER GRADUATE PROGRAMMES BA/BSc/BCom

BA ENGLISH	
PSO1	Students could evaluate various forms of literary works like prose, poetry, drama and fiction
PSO2	Learners will be well versed in literary theories, terms and concepts in Criticism
PSO3	Thestudyofliteraturepolishestheirliterary/artistic/imaginative skills and make them better thinkersand good critics and moreover responsible social beings
PSO4	Language learning bestows students with the mastery of language use coupled with remarkable interpersonal skills.
PSO5	The learners will be acquainted with genres in English literature like Indian English literature, British literature and American literature.
PSO6	The students will develop vocabulary and communicative skills and they will have enriched confidence to appear for competitive examinations.
PSO7	The learners shall have a knowledge of grammatical system of English language.
PSO8	The students will have an over view of literary movements that existed in different ages.
BA MALAYAL	AM
PSO1	Students develop knowledge about culture and foster their own perceptions.
PSO2	Inculcates better vision about the sensibilities of different social structures.
PSO3	Improve language skills
PSO4	Provides different range of human experiences so that students could take proper decision in their daily lives.
PSO5	Learners will understand contribution of different writers in the evolution of malayalam literature.
PSO6	Improves ability of critical thinking.
PSO7	Students could apply the knowledge domain to create and share new ideas

PSO8	The learners acquire knowledge about grammatical system of
	Malayalam language.
PSO8	Knowledge in Malayalam literature enhances creative writing
	and artistic talents
BA POLITIC	CAL SCIENCE
PSO1	Understand the fundamental aspects of methodology and
	philosophy of Social Science in general and the disciplinary
	history of Political Science in particular.
PSO2	Identify the place of Political Science within the broader
	spectrum of Social Sciences and related interdisciplinary areas
PSO3	Learners acquire understanding of historical evolution and
	basic facts of democratic political system in India, including
	philosophical, basic structure and values of constitution and
	policy making processes.
PSO4	To analyse the power of the center and the autonomy of the
	states within the Indian federal system and to understand the
	diverse institutions, processes, constitutional and legal
	frameworks and public policies and its relations.
PSO5	To improve the student's understanding on different thoughts
	in different periods and to differentiate multiple political
	theories and ideologies from a range of written or spoken
	genres. They should be able to explain, analyze and articulate
	contemporary issues and events using such perspectives,
	theories and ideologies.
	To improve the student's understanding on different thoughts
	in different periods and to differentiate multiple political
	theories and ideologies from a range of written or spoken
	genres. They should be able to explain, analyze and articulate
	contemporary issues and events using such perspectives,
DEOC	theories and ideologies.
PSO6	Establish the ability to frame and defend a vision of politics
	for the present and future generations with the aid of political
	values such as democracy, equality, justice, rights, freedom
	and secularism.
PSO7	Understand the diverse institutions, processes, constitutional
	and legal frameworks and public administration and policy
	making process in one's own country and to compare it across
	the world

PSO 8 Develop the analytical skill of students to effectively apply them to address significant issues in the political world by taking political and administrative responsibilities and also provide the student some practical hands-on understanding on contemporary administration and policy concerns. PSO 9 Encourage students to research, investigate and understand various environmental issues such as pollution, global warming, climate change, issues of solid waste management depletion of ozone layer and loss of biodiversity by developing and enhancing creative and critical thinking skills among students. PSO 10 Analyze various social phenomena, events and issues with insight, knowledge, reasoning and technical skill by employing appropriate research methodology and draw logical theories and conclusions. PSO 11 To develop a better and comprehensive understanding on human rights, its origin, evolution and various steps and measures taken by the national and international agencies for the protection and promotion of human rights. PSO 12 To encourage connections with various financial sectors through internships and project works by involving in activities related to Local self - government institutions, Media, Parliamentary Procedures and practices and Survey research and data analysis. BA HINDI PSO1 Ability to communicate effectively in Hindi language. PSO2 To eradicate grammatical errors in speech and writing PSO3 A multi-pronged approach to the study of language and literature PSO4 Develop the ability to critically look a	DCO 0

	structure of various genres
PSO10	Training in Multilingual Translation.
PSO11	Learn to participate in nation building by adhering to the principles of sovereignty of the nation, socialism, secularism, democracy and the values that guide a republic.
PSO12	Apart from making the students fit for teaching profession and research, the programme imparts to the students a comprehensive idea about history of Hindi Literature and Indian society which helps them in competitive exams, to clinch opportunities in tourism sector, entertainment industry and the media.
BSc MATHEM	ATICS
PSO1	Acquire strong foundation in basic concepts of important areas of Mathematics
PSO2	Develop analytical, logical and computational skills and implement them practically
PSO3	Acquire ability to solve problems based on the foundation
PSO4	Develop thorough knowledge on areas like Mathematical
	Logic, Geometry, Calculus, Trigonometry, Analysis, Graph
	Theory, Algebra, Differential Equations, and Number theory.
PSO5	To setup mathematical models of real world problems and
	obtain solutions in structured and analytical approaches
PSO6	Learners could cultivate a mathematical attitude and nurture
	the interests.
PSO7	To apply the knowledge gained to perform objective analysis
	and in prediction of quantitative information with independent
	judgment

BSc PHYSICS	
PSO1	Understand the fundamentals of the subject and its relevance
	in day today life
PSO2	Develop skills of experimental techniques, measurement, data
	analysis, calculation and error analysis

PSO3	Students acquire practical, analytical and mathematical skills
1505	in the subject
PSO4	Capable to make use of subject related employment
	opportunities
PSO5	Identify, analyse and solve real life problems scientifically
PSO6	Improves scientific attitude by gaining proper conceptual
2007	knowledge
PSO7	Attain eligibility and confidence for higher studies in the
DCOO	subject
PSO8	Mating to 1 to and fair and an in the field of above
DC _a CHEMI	Motivated to opt for careers in the field of physics
BSc CHEMIS	
PSO1	To be equipped with knowledge and practical experience to
DCOO	handle basic chemistry related tasks of industry and academia.
PSO2	Students will have ample understanding of chemistry to take
DCO2	up a chemistry related postgraduate course with confidence.
PSO3	To understand the applicability of chemistry in solving
	problems related to industry, agriculture, medicine,
PSO4	environment and in day to day life.
P304	Students will be knowledgeable in Physics and Mathematics in addition to Chemistry and will be able to understand
	interdisciplinary aspects of these subjects.
PSO5	Learners will develop scientific temper.
PSO6	To analyse and interpret chemical information, scientific
1200	articles and data, and present results and data in a scientific
	manner.
PSO7	To apply the knowledge acquired, in carrying out scientific
1507	experiments and to interpret & record data in a scientific
	manner.
BSc BOTAN	
PSO1	Equip students for effective collaboration on team oriented life
	science projects
PSO2	Apply knowledge of biodiversity, ecology and plant pathology
	in day to day life
PSO3	Understanding of Plant Diversity and its importance in the
	maintenance of ecological balance

PSO4	Apply the knowledge gained from the studies for the benefit of
1504	society and addressing major health and environmental issues,
	global food crisis etc.
PSO5	Apply modern techniques and instruments for cellular and
1505	physiological studies of plants with an understanding of the
	applications in human life.
PSO6	Demonstrate the ability to use the fundamental and advanced
	knowledge in different areas of life science
PSO7	Use of bioinformatics tools and techniques for solving
	unexplored areas in classification
PO8	Apply knowledge for the conservation of rare, endangered and
	endemic taxa
BCom	
PSO1	Students develop thorough systematic and subject skills within
	various discipline of commerce, business, accounting,
	economics, finance, auditing and marketing
PSO2	Learners could apply business Knowledge in both theoretical
	and practical aspects
	Students will be well versed in procedures and schedules to be
	followed on preparing financial statements of Companies.
PSO3	Students will be able File Income tax return and compute the
	tax liability of individuals and companies .
PSO4	Ability to pursue professional courses like CA, CS, ICWA etc
PSO5	Follow the ethics pertaining to business transactions
PSO6	Students will acquire relevant financial accounting skills, and
	thus could imbibe both quantitative and qualitative knowledge
	for their future careers in business.
PSO7	Leaners will develop the skills like effective communication,
	decision making, problem solving in day to day business
	affaires
